Circular No: 045/2023-24

Date-18.08.2023

CLASS - IX

Dear Parent

This is to inform you that CBSE has introduced Two Levels of Assessment in Mathematics in Class X from the academic session ending March 2020 onwards, Mathematics Standard (Assessment will be of the same level as being taught in the class) and Mathematics Basic (assessment will be of an easier level than the standard).

The syllabus, classroom teaching and internal assessment for both levels will remain the same to allow the students to study the whole range of topics throughout the year; however, testing will be different. We also wish to inform you that Mathematics Standard will be meant for students who wish to pursue Mathematics in their +2 level whereas Mathematics Basic will be for the students who are not keen on pursuing Mathematics at higher levels.

Kindly note that **students who would like to pursue Science & Commerce and Humanities with Mathematics in Classes XI & XII will have to compulsorily appear for Mathematics Standard in their board examination.** Students will have the choice to opt for the level of Mathematics they would like to appear for in the Board Examination and the same has to be submitted to CBSE at the time of submission of List of Candidates (LOC) by the school. We request you to kindly discuss with your ward the choice that she/he makes for Board Examination and guide your ward accordingly.

Regards

Vandana Singh
Principal

CONSENT FORM – CLASS-IX

I parent of _____ of Class _____ have read the circular regarding two levels of Mathematics for class X board examination. I am aware that **my ward will have to opt for Mathematics Standard to be eligible to pursue Mathematics in Classes XI & XII.** After discussion with my ward and keeping in view his/her interest we have opted for **Mathematics Standard/Mathematics Basic** for the Board Examination. Kindly register him/her for the same.
