MONTH- JULY

TO LEARN- TO SERVE

CELEBRATING SAWAN FUHAAR

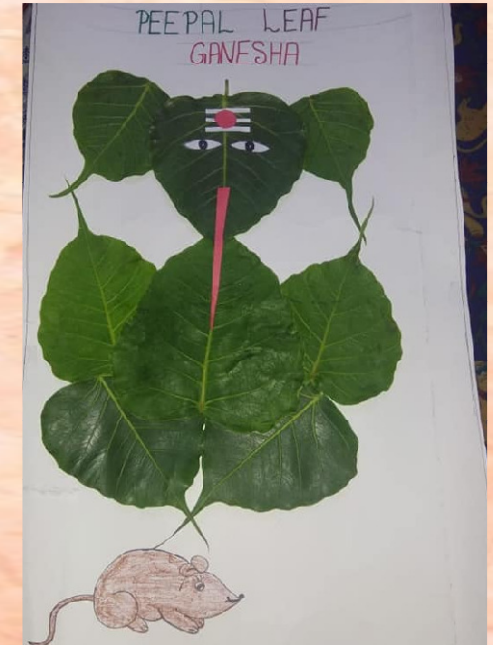

Most auspicious month of Sawan was made more special and memorable with the tree plantation activity in the school. Trees are the foremost source for producing the oxygen in environment as they help to reduce the level of CO₂. As we all know that the whole world is facing the problem of global warming and to recover from such problem, planting the trees is become one of the most important aspects today. Medicinal and other perennial plants were planted in the sensory garden of the school.

The very first tree was planted by Garima Ujwal madam. Total tree planted by staff members including teachers, was more than 15 on the day.

All were happy after the tree plantation event was finished, because it really feels great to do positive for the nature.

OCCASION: VAN MAHOTSAV
ACTIVITY: COLLAGE WITH DRIED LEAVES, PLANTATION

ACTIVITY: ANIMAL WELFARE WORKSHOP

DATE: 23RD OCTOBER 2020

At a time when technology has made us all less sensitive, it is important to teach children to have compassion for all living creatures.

Keeping this objective in mind a virtual session was conducted by Mrs Gul Saif Khan an animal welfare activist for our school students .

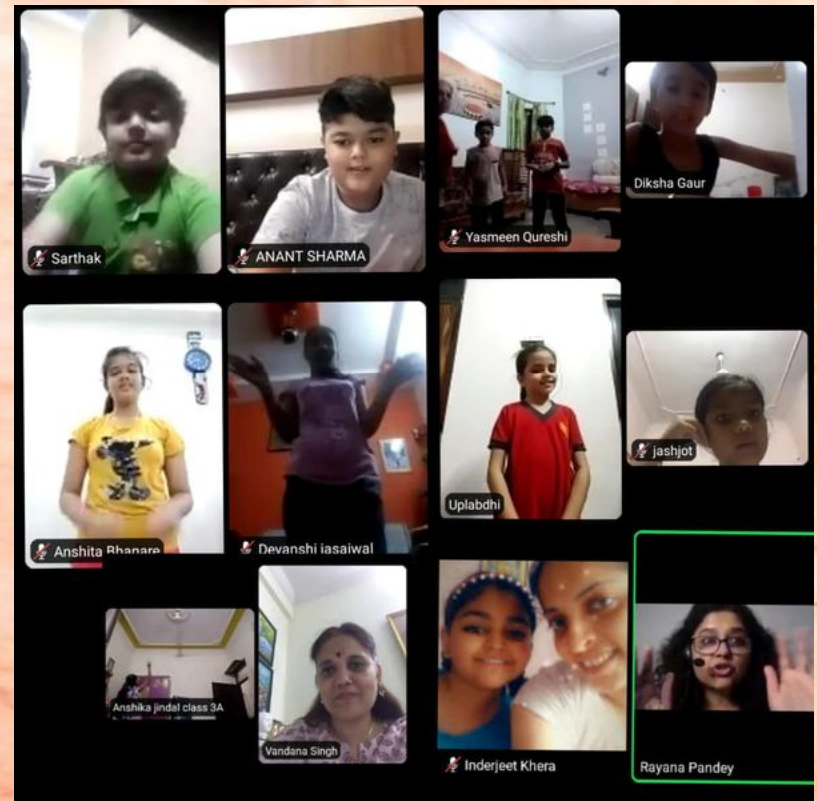

Mrs Gul Saif Khan has put a lot of efforts for promoting the animal welfare initiatives. Being kind to animals teaches empathy. She told them different ways in which the children can help the animals in need. She motivated them to live by the Golden Rule: "Do unto others as you would have them do unto you."

Teaching our kids to respect and protect even the smallest and most despised among us is one of the most important life lessons that we can pass along to them.

ACTIVITY: COMMUNICATION SKILLS WORKSHOP

DATE: 24TH OCTOBER 2020

Communication skills are of utmost importance. The art of communication in the correct manner needs a formal guidance and technique. A very interactive session on the art of communication was taken up by Ms Rayana Pandey director CPA group of theater, Mumbai. She is a very skilled trainer and has worked as theatre trainer and director in Singapore. Realizing the importance of teaching good communication skills we organized a session of our students with Rayana. She conducted a very effective session and guided the children on how to use their hands, facial expressions, posture, and other non-verbal systems to communicate and otherwise get their message across. Theatre gives invaluable lessons in a world that depends on communication for success. A number of stimulations were used and the children enjoyed it thoroughly. The focus and the mission of the school to provide the best platform to the children for developing a complete wholesome personality is achieved through such activities.

SPECIAL ASSEMBLIES

Shining in the odds & sparkling like stars in the dark night is what our students always display through their relentless efforts. Succeeding in online classes, requires self-discipline. By taking online classes, children are developing stronger self-discipline which often is translating to other areas of their life such as work ethic and the thinking skills. It develops the habit of self-learning. Through participation in virtual classes the children are becoming much involved in learning through exploring and innovating new perspectives.
